Multiple Choice Questions

(Questions No. 1 - 3) Read the following passage carefully and choose the correct option to answer the questions that follow:

When we enter New York harbour, the first thing we see is the Statue of Liberty. What impresses us most is its size and magnificence. Have you ever wondered how it came to be there? The Statue of Liberty was a gift from the people of France to mark the one hundred year anniversary of American Independence. In 1869, sculptor Frederic Auguste Bartholdi began to plan his concept for the monument. Bartholdi envisioned Liberty as a strong and proud figure, one who personified not only the majestic Greek goddesses of the past, but also the working men and women of the present. Finally in 1884, the work was finished.
